Shukla Legal Service LLP ERP System

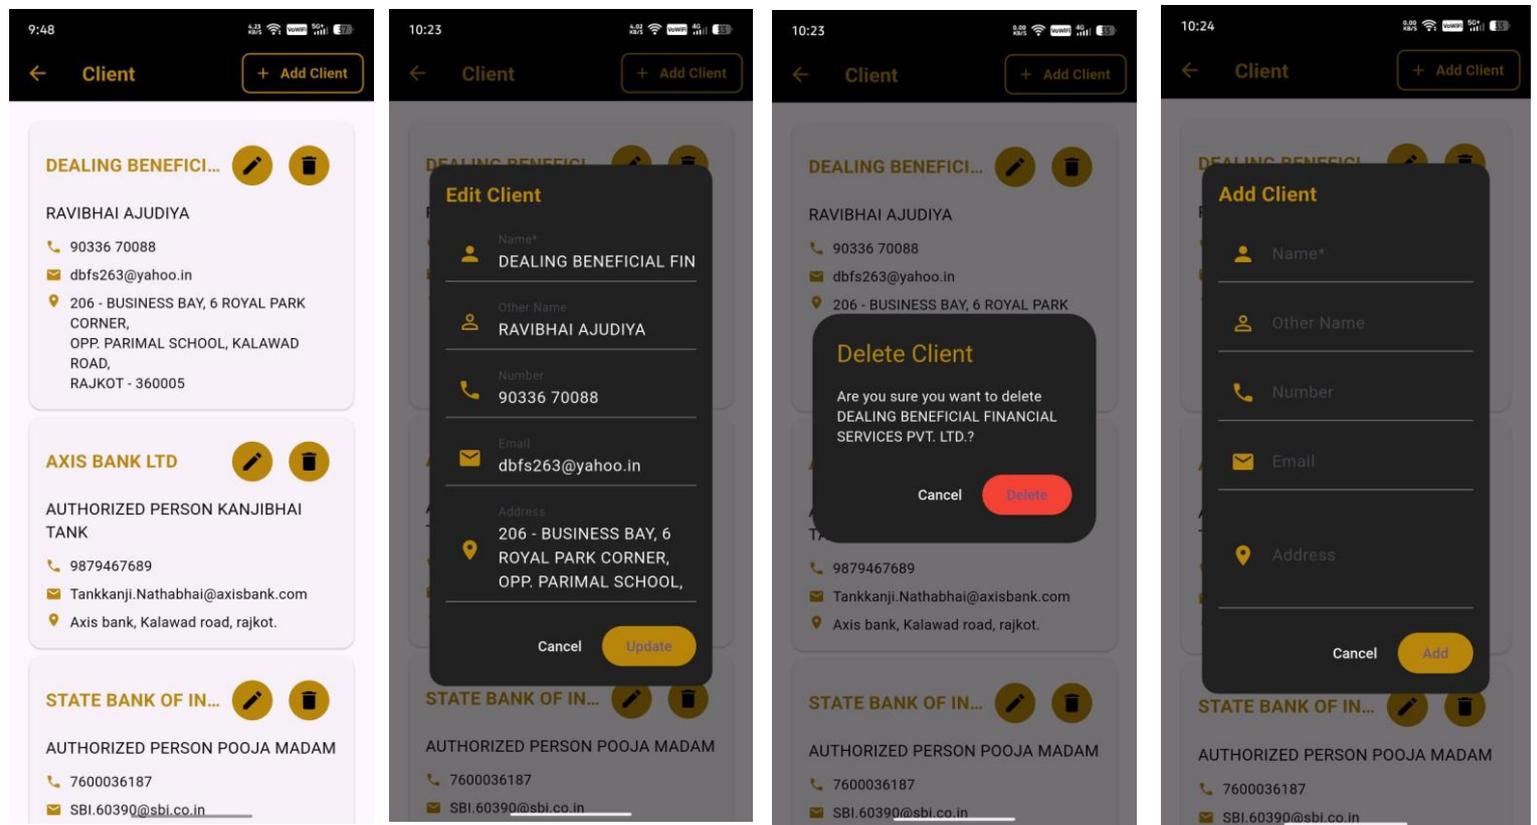

- “Here, login is role-based.If you are Admin, they are redirected to the Admin Dashboard.If you are Client, they are redirected to the Client Dashboard.If you are Employee, they are redirected to the Employee Dashboard.”

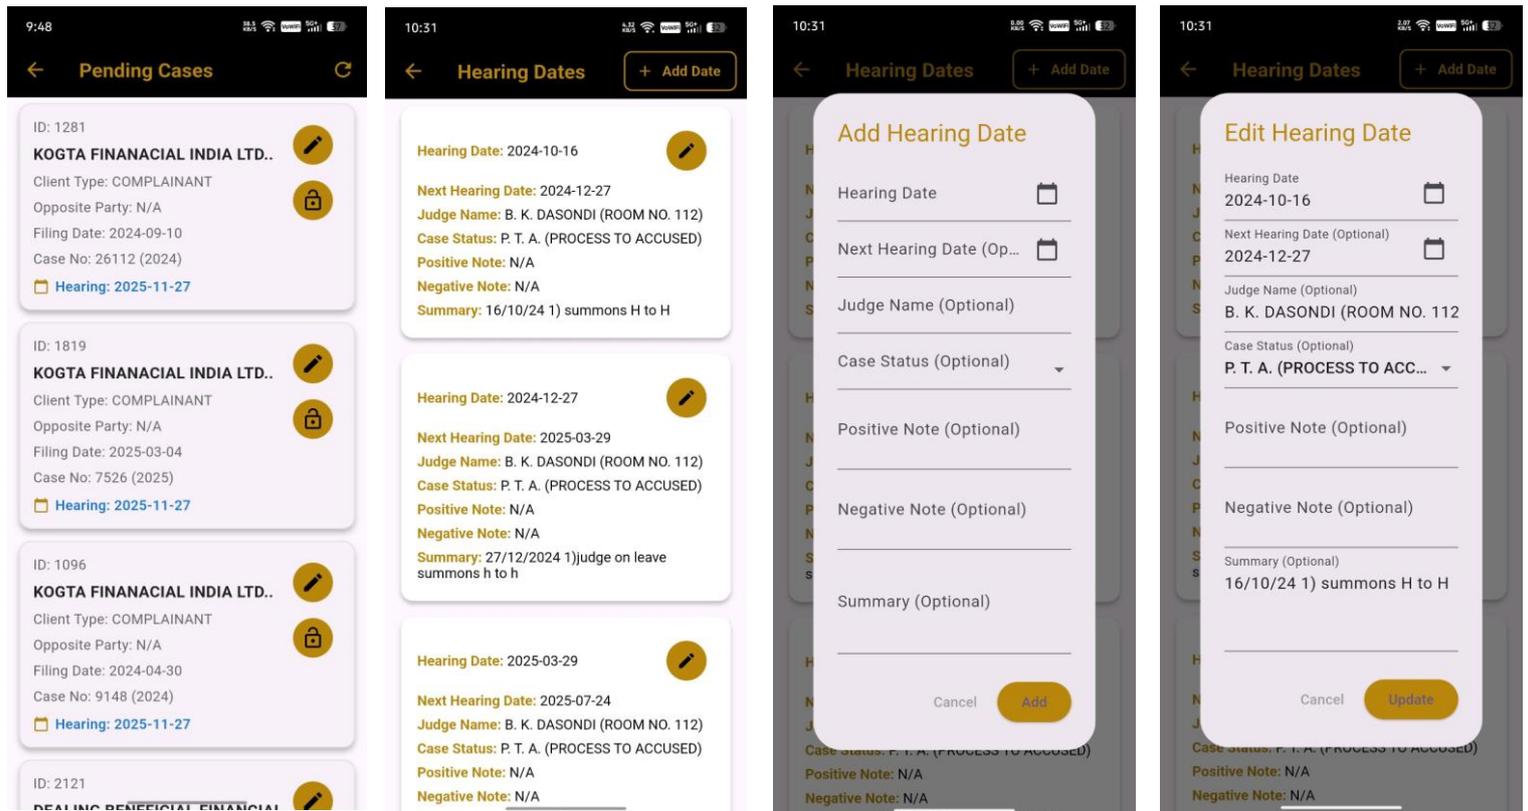

- “Here you can see all the courts, and you can add, edit, or delete any court. When deleting a court, a confirmation is required.”

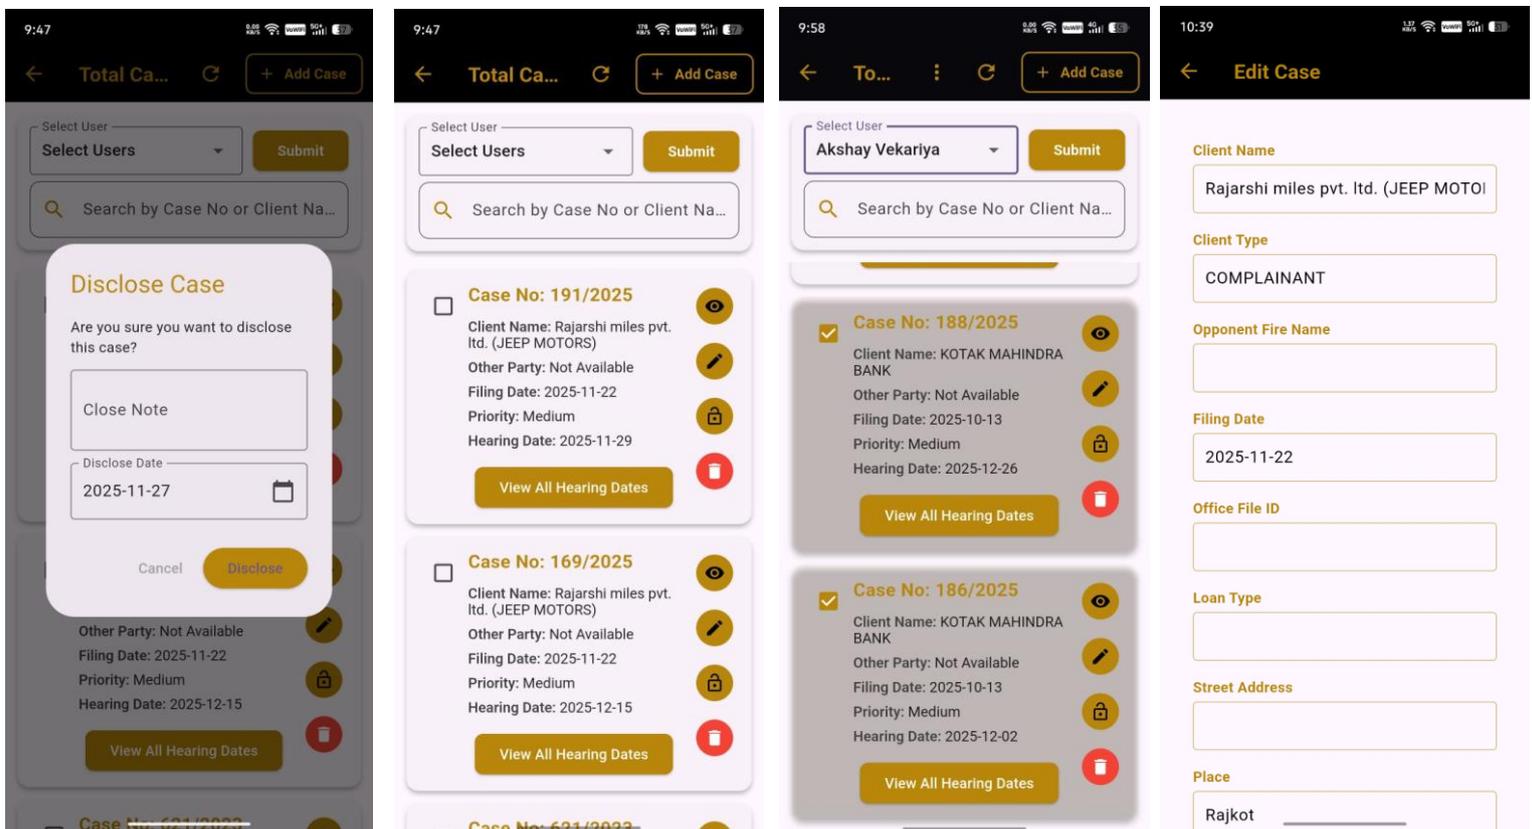

- “Here you can see all the client, and you can add, edit, or delete any client. When deleting a client, a confirmation is required.”

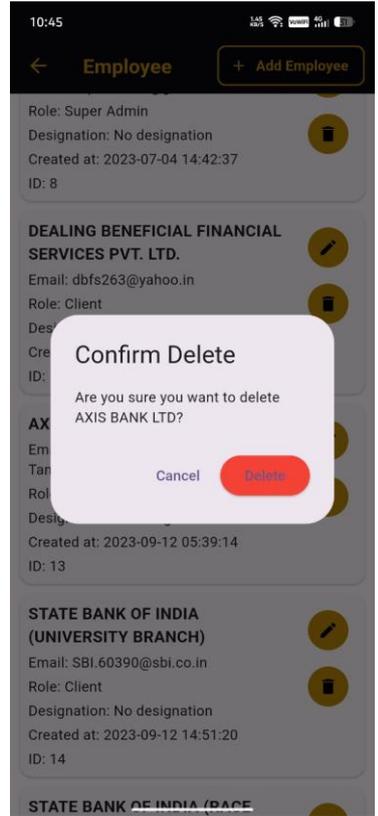

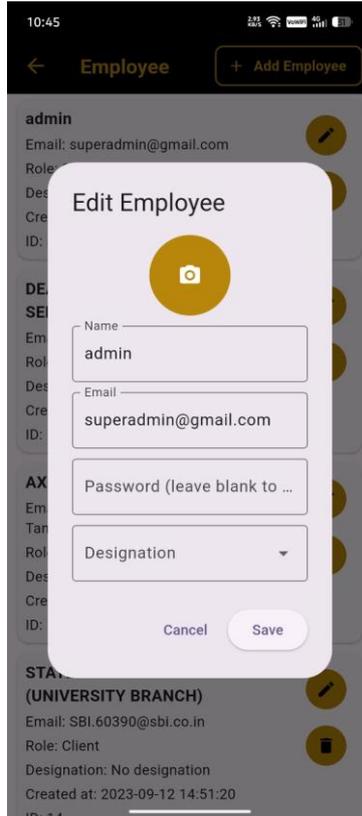

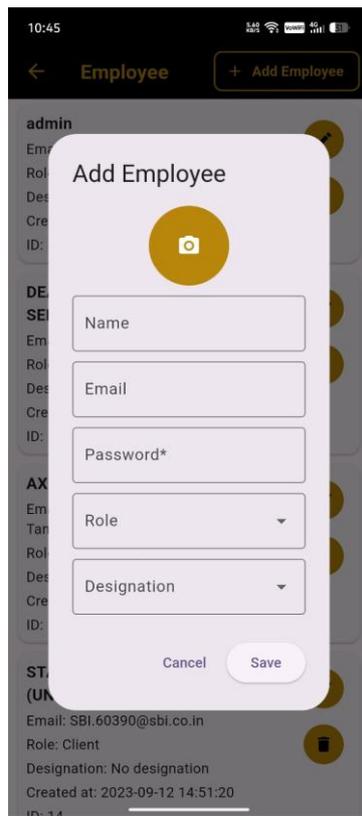

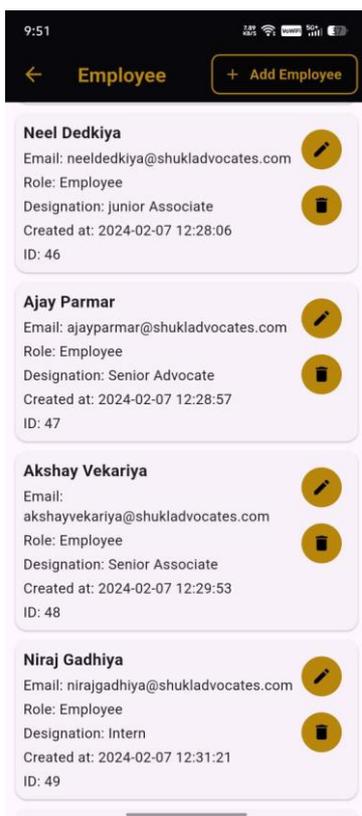

- “Here you can see all pending cases. A pending case means its hearing date is today or has already passed. In this section, you can edit the hearing date, add a new hearing date, and view all previous hearing dates.”

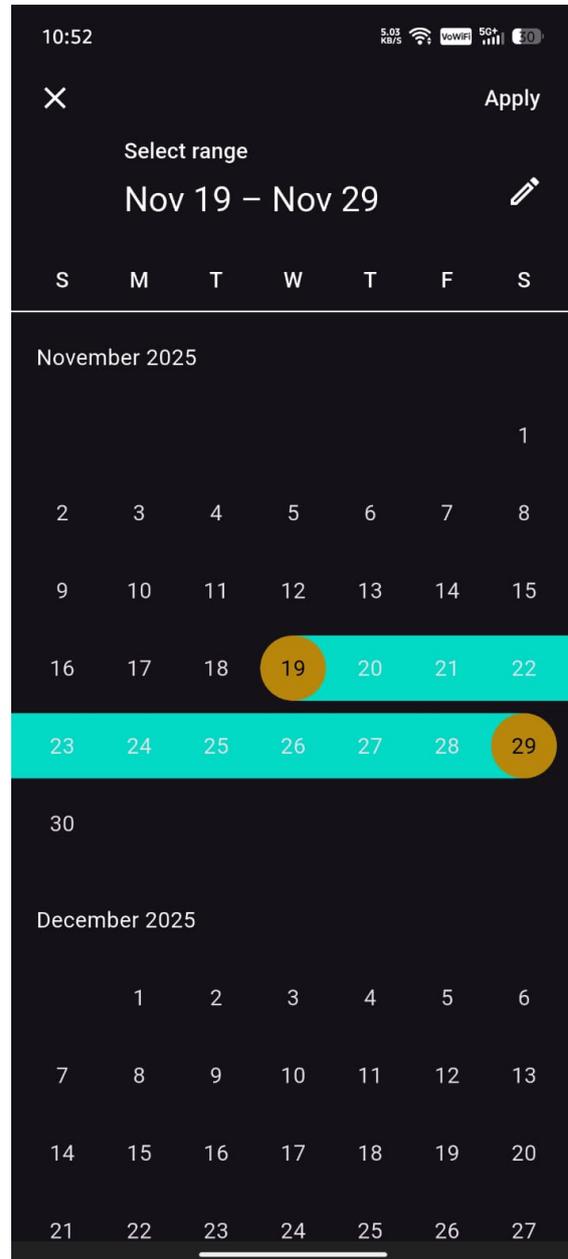

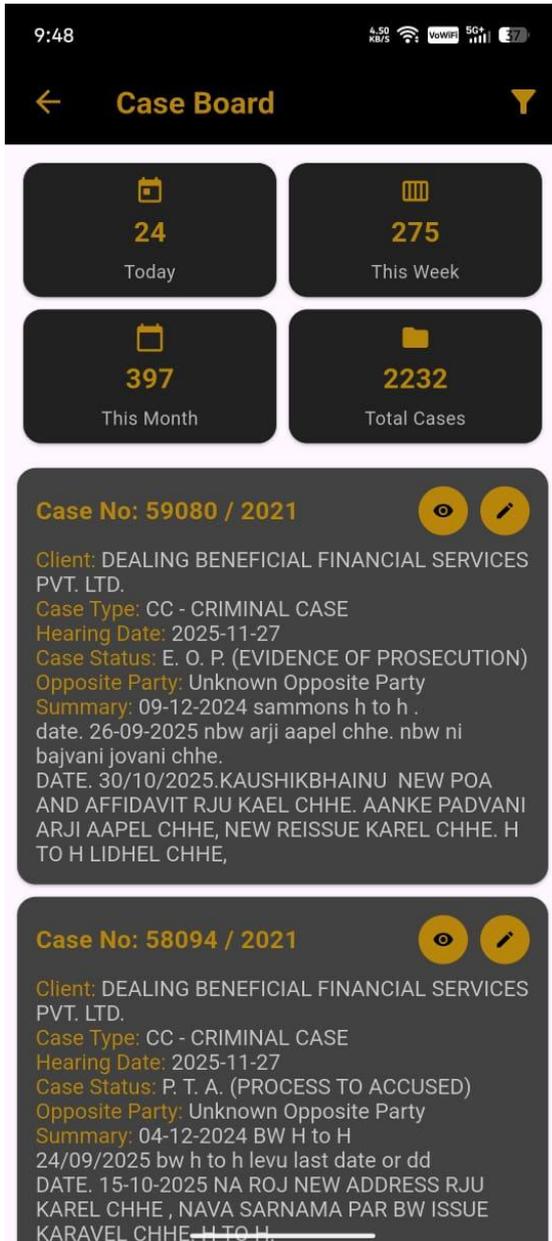

- Here you can see all the cases. You can edit or delete any case, and when deleting, a confirmation is required. You can also view all the hearing dates related to the case, mark the case as closed, and assign the case to any employee directly from here.

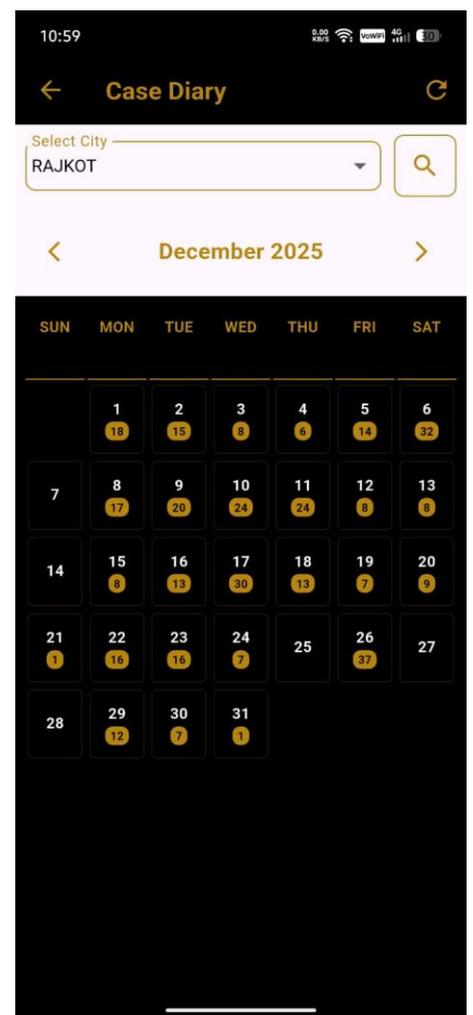

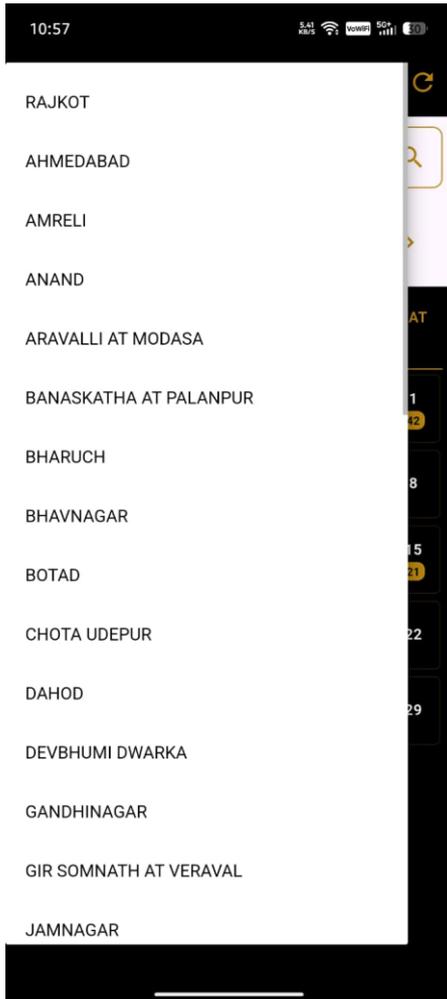

- “Here you can see all your employees. You can add new employees, edit their details, assign a login password, and delete employees. A confirmation is required before deleting.”

- “Here you can see the Caseboard screen, where Today’s Cases, This Week’s Cases, This Month’s Cases, and Total Cases are displayed. You can also apply a date filter (e.g., 19/05/2025 to 29/11/2025) to view cases within a specific range. From here, you can view complete case details, see all hearing dates, edit existing hearing dates, and add new hearing dates.”

- “This is the Case Diary. Here you can select a city from the dropdown. Once you select a city, you can see how many cases are scheduled in that city on each date. You can navigate forward and backward to view all dates and months.”

- “This is the Attendance module. Here you can see all your employees and view their attendance records, including in-time, out-time, in-image, out-image, and all related details.”

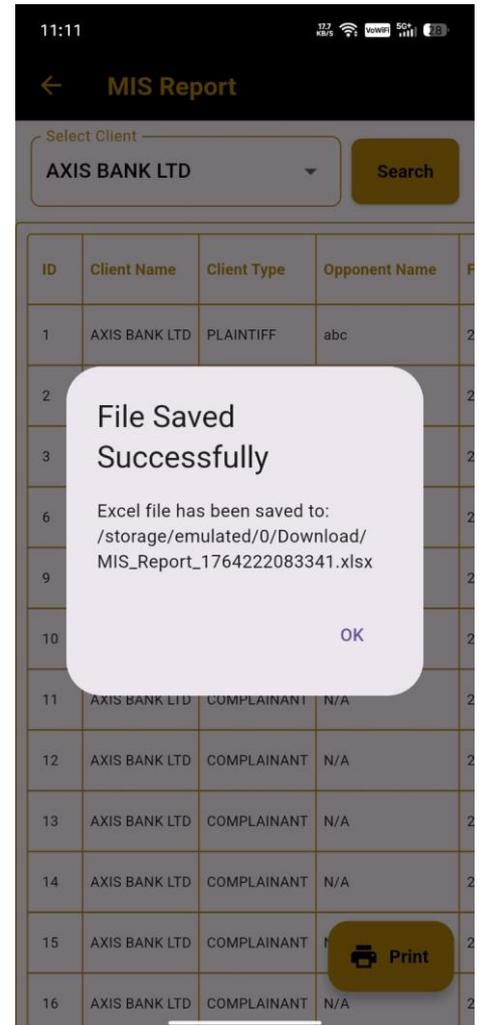

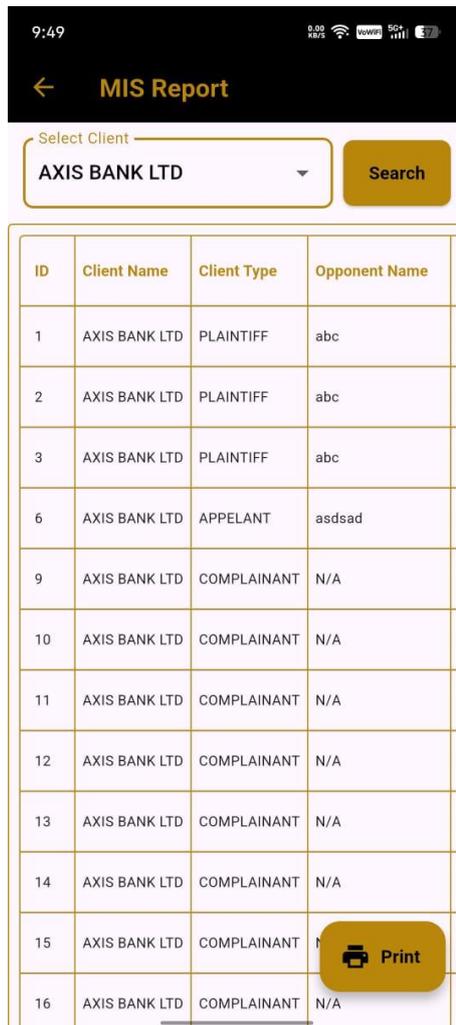

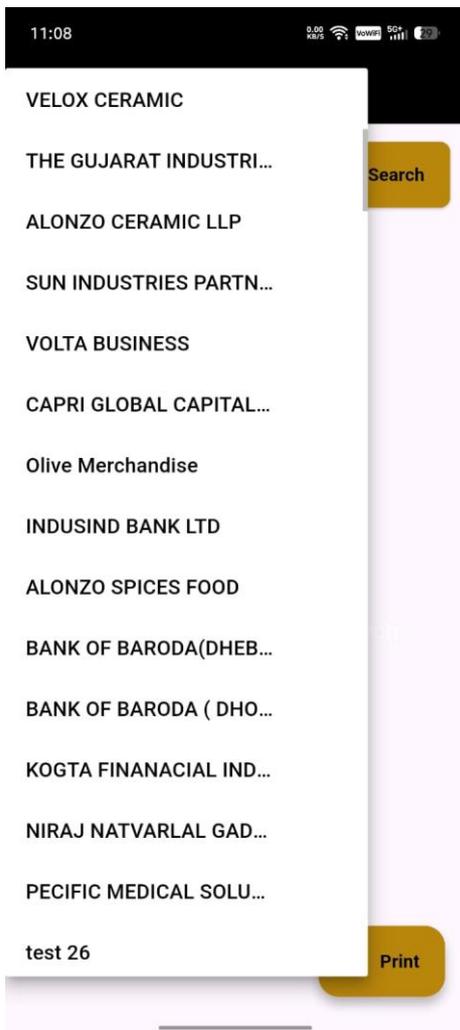

A screenshot of a mobile application interface titled "Employee Attendance". It displays a table with three columns: "Sr. No", "Employee Name", and "Date". The table contains 14 rows of attendance records for the employee "RIDDHI SHRIMALI".
